

Being A YouTuber
by Rosemary Carr Saucier

Being a YouTuber is a lot of fun.

You get to play all day,

Or at least that's what some people think.

Being a YouTuber is a lot of work.

You have to edit your videos,

But first you have to think.

What are you going to say?

What are you going to play,

Or if you're going to read.

Being a YouTuber is a lot of fun

If you're willing to do the work

Behind the scenes that no one sees.

Being a YouTuber is a new job

That my great-grandparents didn't know.

It's kind of like, back in their days,

Being on a television show.

But now to make people happy,

Being a YouTuber can be done from home!
